

Your Weekend Herald To Start Sunday - Monday: \$2 For 52 Additional Heralds . . . 10c A Copy

(Newsstand)

(Mail)

The Cameron Herald is beginning a Sunday - Monday edition this weekend, according to Frank Luecke, editor - publisher.

It will reach 3,000 Milam families. It will be distributed through The Herald's 33 news stops and stands, mail distribution, and samples. Format will be the same as the Thursday Herald. Content will cover Friday night sports, "Tiny Herald", and general news developed between Wednesday and the weekend.

L. A. Matula, of Gause, has been named circulation manager and will direct distribution and mailing of the Thursday and Weekend Heralds.

Home delivery will be each Monday morning. "Cameron's modern growth cycle has begun," Luecke said, "along with industrial expansion in the county and in Cameron. The Herald will try to meet

the additional news and ad needs of the Milam Community."

The Herald has developed a system of newsstand distribution throughout the Milam area as well as regular mail delivery anywhere.

The Herald is available at the following 26 Cameron locations:

Texas Cafe, 7-11 (Allied) Drive-In, Safeway, Inc., Green Grocery, Keith's Minimax, Newton Hospital, Simmons Drug, Farm & Ranch Store, Day & Nite Grocery, Matula's Red & White, Hickman's Grocery, Shuffield Grocery, Cameron Nursing Home, Hensley-Russell, Inc., Walled Lake Door Co., St. Edward Hospital, Harwell Grocery, Dairy Queen, Dairyland, Lehnert's Drug, Dusek Pharmacy, E. O. Schiller Pharmacy, New Cameron Drug, Zink's Food Mart, Milam Tourist

Courts, The Cameron Herald.

The Herald is also available on newsstands at the following Milam area businesses and stops:

BUCKHOLTS — Svetlik's Grocery.

ROGERS — Tuc's Drive In and adjacent to Rogers Post Office.

MILANO — Harley's Service Station and Sloan's Cafe.

ROCKDALE — A-1 Cafe.

ROSEBUD — York's Drive-In.

Annual mail cost of the weekend Herald, in conjunction with the Thursday Cameron Herald is \$5.50 in the Milam area, \$6.50 outside the Milam trade area. Newsstand price is 10 cents.

Present readers may take both Heralds by paying \$2 and a pro-rata balance of the Thursday Herald,

when paid in advance.

New subscribers pay only \$5.50 for 104 newspapers annually, reaching them by mail Thursday morning and Monday morning.

The weekend Herald will be available at most newsstands Sunday morning, Luecke said.

"We want to thank those advertisers who are helping make this additional publication possible. Early week shoppers will benefit by advertising messages in this new paper," George Jones, Herald ad manager, said.

"And your Herald wishes to thank the Cameron-Milam community for its encouragement over the years. This encouragement and the modern growth cycle in the Cameron area makes this new entry into Central Texas journalism a reality," Luecke said.

By F. M. L.

This columnist joins the staff of your Herald in thanking the public, the numerous news sources and readers who have created an atmosphere in which we can introduce a weekend new paper.

110-110-110

We believe the Cameron and Milam area want more frequent news coverage as well as adequate news coverage. This we'll try to do.

We have always had great confidence in Cameron and Milam County. This confidence leads us to add a dimension in newspapering here which strikes a norm between the former "Daily Midget" Herald and a weekly Herald.

We count on your continued acceptance. One definition of a newspaper is "a marketplace in print" and it should be of service as often as readers find it important to them.

110-110-110

No one can remember a better community atmosphere than exists now in the Cameron-Milam area.

Our communities are stabilizing or growing. Our rural communities have water systems; our schools are improving. Agriculture continues to change in this period, but generally livestockmen and crop farmers are finding conditions better than earlier years in the 1960's.

Our city and county governments are moving confidently with the economic changes created by active successful industrial development and expansion. It has not been easy, at times, and it may be your Herald has helped a little to further the broad development here we see.

So, our way of saying "thanks" to past support is to work harder, to extend the progress this area enjoys and to help inform as a newspaper should.

110-110-110

It is not something we do lightly. We'll need your continued and expanding readership. Somehow, we believe it will continue to grow with the area.

See you this weekend.

Cleve McCall, 81, Buried Tuesday

Cleve McCall, 81, resident of the Yarrington community, died Sunday night following a long illness.

Mr. McCall was retired farmer and rancher and for a time was employed by the Pure Food and Drug Department of the State of Texas. He was a member of the Yarrington Baptist Church and the Masonic Lodge.

Funeral services were held at 2 p.m. Tuesday in the chapel of Green's Funeral Home, Cameron, with Rev. James E. Lafferty officiating. Burial was in North Elm Cemetery with Masonic graveside services.

He is survived by two brothers, Duncan McCall of Edna and Dewey McCall of Yarrington; six nieces, Mrs. Susie Matthews, Mrs. Frank Barrett, Mrs. Flake Brooks, Mrs. Helen Horelica, Mrs. Kathryn McGowab, and Mrs. Lita Elms.

City Library Hosts Area Workshop

Area librarians met at the Cameron Public Library Tuesday for an all-day workshop on library procedures.

Cameron Library Board hosted the meeting, an opening coffee and luncheon at The Texas.

HOMEcoming QUEEN Brenda Watkins accepts roses from Yoe High School Student Council president Carolyn Mitchell, while escort Tim Tucker looks on. The 1969

Queen was crowned during halftime activities at Friday's Yoe - Wildcat game, a 26-0 victory for the Yoe-men.

Car Hits Tree, Driver Injured

Ramiro Ramirez, 19, of 805 N. Crockett is in a local hospital following a one-car accident early Tuesday afternoon.

The accident happened about 12:35 p.m. Ramirez apparently lost control of his 1957 Chevrolet and the car hit a large tree in front of the W. J. Mueck home at 501 North Central Street.

Police Chief John Shearin said Ramirez was taken to Newton Hospital, suffering a head injury and possible internal injuries.

In other police news, Chief Shearin said Officer Felipe Martinez was officially promoted to Sergeant on October 1.

The City's new dogcatcher was unable to begin work on Monday as planned, and will start Saturday, Shearin said. Dogs running loose on streets and school grounds will be picked up and put in the City Pound for three days awaiting owners' claim, and will be destroyed if they are not claimed.

Farmers Union To Elect Directors At County Convention

Milam County Farmers Union will hold its annual convention Tuesday afternoon, November 1, at Simon George Hall.

The convention will be preceded by a chili supper at 6:30 p.m. Tickets are available from the officers and board of directors of the organization.

David Samuelson, district 9 director, Texas Farmers Union, will be guest speaker at the convention. During the business meeting, Farmers Union members will elect new officers, members to the Board of Directors, delegates to the Farmers Union State Convention to be held in Abilene December 4, and will vote on resolutions to be sent to the state meeting.

SPEED VS. VERSATILITY . . .

Hornets To Test Yoe Skein

The Yoe's talented "multi-backs" may see a match in break-away speed 8 p.m. Friday here when the Caldwell Hornets field two 10.1 halfbacks in the 19AA home-game.

Coach Hal Stanislaw says Caldwell's 3-4 season may be misleading because of Coach Frank Pult's improving sophomores' speed and size.

Cameron's six-game win streak

will be tested by halfbacks like Lonnie Heslip and Jewel Dearman who run 10.1 hundreds and the size of tackle Thomas Rockett (20), center Mike Priest (19), guard Lewell Emmons (21) and tackle Joseph Carlson (26).

Stanislaw says the Yoe-men "are in great shape," except for the doubtful status of end Martin Mueck, who injured an ankle in the Elgin win. Guard Dale Sch-

gut will start.

Caldwell has played inconsistent football thus far, Stanislaw points out, but the colder weather helps the big men Caldwell has.

LOTS OF SPEED

And he says Cameron has not faced the speed fielded by the Hornets, James Butler, a reserve halfback, can run 10.2 in the hundred. And Dearman is considered the top athlete in 19AA district.

Caldwell's speed won the sprints and shorter distance relays in the spring 19AA track meet.

Hornet QB Gary Easter is a good passer, Stanislaw says. But "I am concerned about that halfback speed. These Caldwell boys also have size, none lighter than 170 in the starting backfield."

Caldwell has defeated Bastrop, AAA Navasota and Thornedale and has lost to Bellville, Giddings, Mart and Georgetown.

Georgetown's Eagles, now favored to win 19AA, are playing Elgin this Friday night, having defeated Round Rock, undefeated prior to last week.

Stanislaw thinks Caldwell is capable of beating either Cameron or Round Rock, apparently sharing the thinking that Georgetown is the team to beat in 19AA.

TD AVERAGE UP

Cameron has shown improvement through the season, Stanislaw's charges averaging four touchdowns a game against Elkhart, West and Elgin.

The Yoe defense has given up only five touchdowns in the last 24 quarters of football, blanking Elkhart, 27-0, and Elgin, 26-0.

Only a lapse in the fourth quarter of the opening Taylor game has been allowed by Yoe defensive stalwarts.

Caldwell will outweigh the Yoe forwards, but the Yoe-men will have experience and line speed advantage.

Area Banks Are Reporting Gains In Deposit Total

For Livestock . . .

Market Steadies

Livestock futures are looking good these days with fall rains and a fairly steady market which seems to have settled after a mid-summer peak.

Prospects for stocker cattle, especially cows and calves, are better than they have been in a long time, according to Wally Eldred of Cameron Livestock Auction Co.

Good cow and calf pairs brought \$215 to \$250 at last week's sale. Eldred said "they're getting kind of hard to find," and are bringing good prices now.

The overall stocker forecast looks "promising," he said.

On the other hand, slaughter cattle prices are down somewhat from June due to large supplies coming in from West Texas feedlots.

Hog growers are realizing a fair margin with the market higher than in May. Top grade hogs are bringing \$24 to \$25.70. These prices are not as high as they were about two years ago, Eldred noted.

The local auction company receives a good number of hogs each week from area growers, usually around 300.

Producers are not receiving as much for their cattle as they did in 1961 and '62, Eldred said, but prices they have to pay for goods and services have nearly tripled.

"Housewives don't realize, when they fuss about meat prices in grocery stores, that the percentage of take-home pay used for

food is smaller now than it was in 1961," he added.

A comparison of October 1969 cattle prices with those in October 1967 shows an increase of about 3 cents a pound, while a comparison of the price of round steak in local grocery stores shows an increase of 20 cents a pound.

The question about who is responsible for high meat prices, even when market prices go down, remains unanswered. Meat is just one of the items which reflect inflation.

Halloween Carnival Thursday, Trick Or Treat Night Friday

Halloween activities started Wednesday with teenagers making trick or treat calls for Unicef and will continue with the annual St. Anthony School Carnival tonight (Thursday) and Halloween for neighborhood youngsters on Friday.

Oxshier Smith has announced that he regretted he would not be able to have his annual Halloween party this year as has been the custom in years past.

The St. Anthony carnival will take on a Spanish look this year and an authentic Spanish menu has been planned for the dinner. Mrs. Joseph Mondrik, chairman of the carnival, said dinner would be served from 5 until 7:30 p.m. and the carnival would continue until 9 p.m.

Horror house, cake walks, fortune telling and other games are planned for the evening.

Ex-Area Resident Dies In Oklahoma

J. O. Shannon, age 69, born in the Friendship Community in 1900, died Sunday in Duncan, Okla. He is survived by his wife, three daughters, one son, three brothers, and two grandchildren.

Funeral services were at 3 p.m. Tuesday at Sanford Funeral Home at Duncan. Burial will be in Duncan Cemetery.

Or How Halloween Was . . .

Fade Out The Pranksters

Where have all the pranksters gone? Halloween appears to have returned to the realm of the youngest, plenty of treats and little threat of pranks. But it wasn't always that way.

Animals in the school house was a favorite Halloween game of about 20 years past. Tales of post-Halloween mornings when teachers and students were greeted by terrified pole cats, squealing pigs and quacking ducks come to mind.

The Perrin cow (bovine animal of the E. A. Perrins whose only misfortune was to be owned by a school superintendent at Halloween) seemed to take the brunt of many Halloween adventures. She was led to the third floor of the high school one October 31,

not a difficult task, but getting her back downstairs November 1 was. Another Halloween she was painted yellow. A return to the high school third floor was in prospect still another night when a crowd stole into the Perrin yard, untied the cow and led her away. Amid much talk about the prank and reactions expected in the morning, the students and cow proceeded to Yoe campus where they discovered that in their midst was Supt. Perrin himself.

Outhouses were another favorite target and ended up in the strangest places. On roof tops. In front yards. In the middle of Main Street.

And it took time and cunning

\$1.8 Million Is Increase Shown By Local Banks

A statewide bank call shows increases in deposits for Cameron and area banks compared to totals at the same time last year.

Bank deposits in Cameron showed increases totaling \$1,811,511.38

First National showed the largest increase over total deposits of a year ago, with \$8,899,161.21 reported as of October 21, 1969, an increase of \$1,235,616.03. Deposits at the end of October 1968 totaled \$7,663,545.18 at First National.

Citizens National Bank deposits totaled \$15,837,676.46, an increase of \$5,336,653.45.

Puckholts State Bank reported total deposits of \$1,781,062.32, an increase of \$114,673.04 over October 30, 1968, when deposits totaled \$1,666,389.28.

Deposits for First State Bank in Rogers showed an increase of \$19,362.94. Total deposits reported at the close of business on October 21 this year were \$1,064,314.82, as compared with the total of \$1,044,951.53 at the end of October, 1968.

An increase of \$1,569,451.36 is shown for Rockdale State Bank, with deposits totaling \$10,404,712.99. At the same time last year the Bank showed deposits totaling \$8,835,261.63.

Rosebud banks together showed increases totaling \$1,336,442.74. Planters National reported deposits of \$3,177,749.03 and Rosebud First National, \$3,019,508.53.

Childrens Art On Display At Library

Childrens art will be on display at the Cameron Public Library through Saturday this week. Shown will be both painting and sculpting by students of James Brock.

The twenty designs on display represent work being done by art students age 3 through high school. The childrens art show is sponsored by the Friends of the Cameron Library.

An anonymous reminiscer tells of a Halloween ride through Rosebud in a "borrowed" hearse attached to a car in place of the horses it was made for.

Sheriff Black said things are quieter now and he likes it that way. "Some of the pranks were destructive and when that started the fun pranks seemed to stop," he said, "and people have more to entertain them now."

MR. AND MRS. EDWARD HILIARD LITTLEJOHN III

Wilson Granddaughter Married In California

Vandenberg Air Force Base was the setting for the wedding of Cynthia Ann Hicks and Edward Hiliard Littlejohn III at 4 p.m. October 18. The bride is the daughter of Lt. Col. and Mrs. Albert Hicks of Vandenberg Air Force Base and the granddaughter of Mr. and Mrs. Leeman Wilson of Cameron. The groom, a graduate of the University of California at Santa Barbara, is the son of Mr. and Mrs. Edward H. Littlejohn of Lompoc, California.

The bride, escorted down the aisle by her father, wore a bridal gown of delicate satin with a pearl empire bodice of Alencon lace. The bodice, full bishop sleeves and A-line skirt were appliqued with lace. The detached chapel length train was also appliqued and edged with lace. A Venetian lace veil made by bride's mother

DOORS OF YOE

By Jane Callaway

Homecoming has come and gone — hope all you exes had a real big time. It was great to see some of last year's seniors — Marilyn, Anita, Bucky, Danny and Dorothy. But he was here from her school in Denver. We had fun getting ready for all of the "doings".

Congratulations to Jimmy Jeter and Johnny Steamer — they were crowned 1969-70 Flame Queen and King of Yoe High. Then came Friday night's game, and along with the Yoe men doing another great job. Brenda Watkins was crowned Homecoming Queen, Yoe, Seniors!

Friday's Pep Rally was super. The gym was decked out with streamers — some of which kept reaching out for Rebecca's baton. The pep squad gets all the credit for the decorations.

The big weekend and seeing everybody made me realize that next year my group will be gone from these "halls" — left me a little sad. I hope all of us will have an understanding of the challenges coming our way and not let our lack of judgment lead us into obscurity. Let's hope some of us (one of us?) get our message across as we go on from here. Carolyn, was that really you Friday?

Jinny, you are always so well prepared and ahead of everything. Keep up the good work.

Miss Smith attended a convention in San Antonio last weekend. We missed you Friday.

Congratulations to Jane Burns for being selected Chairman of Student Development at Christian.

Melanie, what did you do Saturday night? I remember seeing you — somewhere!

Bill, it's good to see you back in school.

The Yoe High Band is going to Hurst on Saturday to compete in a Class AA Marching Festival. There will be several bands there from East and Northwest Texas. On Tuesday Mr. Jerry Longwell, Superintendent of Music for the Hurst - Euless - Bedford Public Schools, came to work with our band. He is in charge of the Bell Marching Festival that we will attend. Let's get our marching feet going!!!

HOPE LUTHERAN CIRCLES TO MEET, BOARD ELECTED

Members of Hope Lutheran Church of Buckholts will meet Wednesday November 5 for the monthly study. Topic will be "Blessed To Be A Blessing" from Isaiah 42:5-13; Acts 4:1-21; John 15:8-17.

In the recent HLCW's business meeting plans were made for the annual shut-in service November 16 and Thanksgiving service November 23. Serving on this committee are Mrs. Stanley Glaser and Mrs. Dwight Fuchs.

Newly elected officers to the executive board are Mrs. Irene Lanus, vice president; Mrs. Arnold Jungmann, secretary; Mrs. W. A. Persky, secretary of stewardship; and serving second year terms, Mrs. Alvin Fuchs, president; Mrs. Hulda Pagel, treasurer and Mrs. Robert Jungmann, secretary of education.

The executive board and Pastor and Mrs. Ernie Braun will attend a workshop at Salem Church, Roseburg on November 4.

Circles will meet Wednesday in the following homes: Hope Circle, 2 p.m. with Mrs. J. H. Jungmann, leader Mrs. Ed Senkel.

Martha Circle, 2 p.m. with Mrs. Bruce Massinelli, hostess and leader.

Naomi Circle, 2 p.m. with Mrs. J. T. Fischer, leader Mrs. Kenneth Springer.

Priscilla Circle 1 p.m. with Mrs. Raymond Schneider, leader Mrs. Stanley Glaser.

Rebekah Circle, 2 p.m. with Mrs. C. H. Von Gonten, leader Mrs. Arly Schiller.

Ruth Circle 7:30 p.m. with Mrs. Calvin Rachui, leader Mrs. Ernie Braun.

LUNCHEON FETES LOCAL NURSING SCHOOL ALUMNA

Nine nurses of the former Cameron Hospital School of Nursing (presently Saint Edward Hospital) held a reunion on October 21, in the home of Miss Dollie Hawkins at Bellaire.

Luncheon was served to the group and a day of reminiscing was enjoyed by all.

Two registered nurses, Mrs. Josephine (Buck) Ugarhart and Mrs. Francis (Huebner) Kincher from the class of 1917, the first graduation class of the Cameron hospital, were among those attending from Houston.

Also present for the reunion were: Mrs. Elmore (Stocker) Briskitt, Mrs. Margaret (Northcutt) Young, Mrs. Jeffie (Wilburn) Terry, all of Houston; Mrs. Mamye (Bailey) Halberdier of Cameron; Mrs. Jewel (Shaffer) Franklin of Rockdale; Miss Marzella Jinks of Temple, and Miss Hawkins of Bell.

Miss Connie Hicks was maid of honor for her sister and Mr. Fred Littlejohn served his brother as bestman. Bridesmaids were Miss Tracy Rogers of Tokyo, Japan; Miss Elizabeth Rice of Sherman, Texas and Miss Mary Jane Attaway of Midland, Texas. Ushers were Lt. Wendell Oury of Savannah, Georgia; Mr. Terry Forsberg of Las Gadas, California and Mr. William Feeney of Balboa, California.

A reception honoring the couple was held at the Vandenberg Air Force Base Officers Club immediately following the chapel service. Members of the Sigma Chi Fraternity serenaded the bride.

Lt. and Mrs. Littlejohn will, perhaply make their home at Hunter Army Air Base in Savannah, Georgia where Lt. Littlejohn is in flight training.

Giant Radishes Grow In Local Fall Garden

Radishes the size of baseballs are growing in the fall garden planted by Bobby Scott at 403 East 17th Street.

"I just can't believe it," Scott said when he showed three radishes to The Herald staff. The turnip-size radishes are bright red and taste good, Scott said.

Scott gives credit for the unusual growth of his garden to the "natural fertilizer" he obtained from the livestock auction barn. He plants two crops yearly in his 30 x 50 foot garden, and this fall's crop is the best yet, he said.

Visiting in the home of Mr. and Mrs. R. V. Corbin over the weekend were Mr. and Mrs. Clifton Lake of Houston and Mr. and Mrs. Paul Fowler and children of Cypress.

Mr. and Mrs. R. L. Porter visited Sunday in the home of their daughter, Mr. and Mrs. Tommy Joe Peyton and Tracy in Palestine.

Mr. and Mrs. Charles Chandler of Austin were guests in the home of her mother, Mrs. Lila Hood and family over the weekend.

The Phil McCall family were guests of honor at a dinner Sunday in the Methodist Fellowship Hall given by the choir of the First Methodist Church.

The McCalls and children Phyllis, Phillip and Pam, will move to Killeen this weekend where Mr. McCall is working with Texas Power and Light Co.

The McCalls have lived in Cameron for the last 15 years. Mr. McCall has been a member of the Methodist choir and a soloist for the choir.

Save Hang Tags With Guarantee

Something new has been added to the hang tags on some clothing, guarantee that a garment will wear for a specified length of time.

If the garment doesn't live up to its guarantee, the manufacturer says he will return the purchase price or replace the garment. Fannie Brown Eaton, Extension clothing specialist says.

She urges consumers to read garment labels, save the labels or hang tags and the dated sales slips. This proves how long a consumer has had the guaranteed garments.

Be sure the sales slip is dated when a guaranteed garment is purchased, the specialist cautions. Store clerks may not mention that garments carry a guarantee because so few clothing have one as yet.

Easter Seal Society Sets Record In Helping Crippled Persons

A record 17,622 crippled children and adults were helped during 1968 by the Easter Seal Society for Crippled Children and Adults of Texas, according to William E. Kelm of Cameron, who serves as the Easter Seal Representative for Milam County.

Of the total, 11,290 children and 6,232 adults received treatment and other rehabilitation services financed mainly by contributions made during the Easter Seal Appeal, he reported.

These contributions made possible medical diagnosis, physical and occupational therapy, speech and hearing programs, special education classes, and other services to rehabilitate handicapped children and adults. Wheelchairs, walkers, braces, and other special equipment were also provided.

SCHOOL MENU—

Monday, Nov. 3 - Beef tamales, Spanish rice, pinto beans, tossed salad, peach half, hot rolls, milk.

Symphony Concert At MH-B Chapel

A November 15 concert by the New Orleans Philharmonic-Symphony Orchestra is announced by the Music Department of Mary Hardin - Baylor College, sponsors of the concert.

The program for the concert is Beethoven's Egmont Overture; Stravinsky, The Fairy's Kiss; and Brahms Symphony No. 1.

The concert will be in Walton Memorial Chapel at 8:30 p.m. Tickets are now available on a first come, first served basis at the college music office or business office. No telephone reservations will be accepted and all seats will be reserved.

Werner Trukanowsky is now in his seventh season as conductor of the New Orleans orchestra. The November concert tour will bring the orchestra into Texas and Louisiana.

DRAFT CALL GOES DOWN

AUSTIN The December draft call for Texas is 45¢, down from 49¢ for November, Colonel Morris S. Schwartz, state Selective Service director, said Friday.

The October quota of 504 was revised downward from an original call for 1,461 men.

A total of 2,333 is scheduled to be forwarded for armed forces production physical and mental examination in December to prepare for future calls, Colonel Schwartz said. This compares with totals of 3,266 in November, and 8,906 for October.

Ducks Unlimited Reports Good Hunting Prospects

Ducks unlimited, a private organization concerned with the conservation of waterfowl, reports excellent prospects for duck hunting this year.

"All reports confirm that the flight south will be the best in a long time," according to the organization.

They continue: "So far, aside from a snowstorm in central Saskatchewan on Oct. 4, there has been nothing to initiate a large-scale migration from the prairies. Northern conditions associated with the weather disturbances of early October resulted in a movement of geese into central Saskatchewan and southern Manitoba where these birds are now present in good numbers."

"In the meantime, the normal seasonal drift southward has continued. Most blue-winged teal and pintail have gone, to be replaced by concentrations of widgeon and gadwall. Mallards remain widely distributed on the many prairie ponds and smaller sloughs, which this year are holding water, and are feeding in the surrounding stubble fields."

"This is particularly true of southern Manitoba where plentiful food and water is creating a situation similar to that of last year when large numbers remained into early winter."

"The first hard freeze will force the mallards onto the larger water areas and impressive concentrations should occur at many points across the prairies."

"Bluebills, though the main flight is still to come, are presently conspicuous on the lakes and larger marshes."

"The rainy and cool weather across the prairies during the past three weeks is preparing an excellent base for the run-off next spring. This is the first step toward a repeat in 1970 of the excellent water conditions of this year."

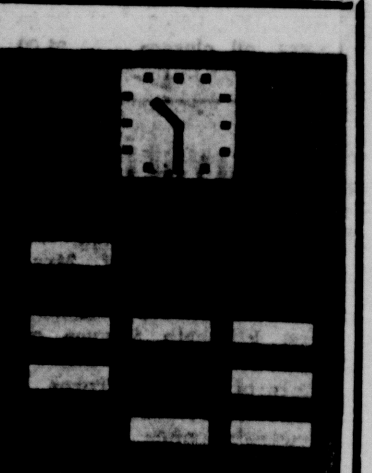

Cameron 8 Trips Elgin Juniors 24-6

ROGERS RAPS FRANKLIN 24-8

The Rogers Eagles scored their fourth win in District 22-A football Friday night when they defeated Franklin, 24-8.

The Franklin Lions' only score came on a Rogers fumble when quarterback Mike Rinehart carried the ball over from the one-yard line. Robert Hanna ran over for two extra points.

Late in the first quarter Eagle fullback T. J. Griffin put Rogers on the scoreboard with a one-yard run. Eugene Brenek ran for two extra points, tying the score 8-8.

Another Eagle touchdown came at the end of a 57-yard drive with Griffin taking the ball over on a three-yard run. He again ran the two extra points.

Brenk ended scoring for the Eagles early in the fourth period with a 27-yard run at the end of an 80-yard drive. Two points were added with his run over the line.

The Eagles will take on Round Rock at Rogers Field Friday.

Porsches Join Racers Ready For TI Can-Am

COLLEGE STATION You can add the exciting Porsche to the list of exotic road racing machinery ready to run here November 9 in the Texas International Can-Am.

A team of two of these German-built racers will be going for Porsche Audi of Teaneck, N. J. with Swiss Grand Prix driver Jo Siffert and English racing star Tony Dean manning the controls.

The announcement of entry of Siffert and Dean as Porsche tandem was made today by Leo B. Margolias, vice president and general manager of Texas International Speedway, which has just been completed and will be open for business for the first time on that date.

The Porsche entries follow those of the great Can-Am series front-runners, Bruce McLaren and Denis Hulme, the New Zealanders who have struck it so rich in the McLaren Chevrolts and will be the favorites again at Texas International. Hulme's latest success was a win Mexico's Grand Prix in a McLaren Formula 1.

Practice and qualifying for the first of the super speedway attractions ever held in the Southwest will be held on Saturday, November 8 from 9:30 a.m. until 4:30 p.m. Starting time for the International Can-Am the next afternoon will be 1 p.m.

Tickets are available at TIS headquarters at the Ramada Inn on Highway 6 South, College Station, Texas, 77840.

Yoe Crushes Elgin In 19AA Opener

Halfback James Laury Friday night ran one touchdown and received a Robert Brashear pass for a second in an easy Yoeman Homecoming win over Elgin, 26-0.

The Yoemen scored a touchdown in each quarter for their first 19AA win and sixth straight victory. Georgetown, meanwhile, was closing on Round Rock in a 21-8 win that continues to build a showdown for the district title between Eagle and Yoe.

Yoe forwards held Elgin backs to 7 firstdowns while Brashear sent Laury, John Steamer and Emanuel Thomas through a shattered Wildcat line for 21 first downs, 195 yards rushing, and connected on 57 percent of his passes for 81 yards, one a touchdown throw to Laury.

Brashear scored a touchdown in the fourth quarter, final score of the evening, and Fullback Steamer dove for one touchdown, the Yoe's first, in the first quarter. James Mueck converted after the Steamer score and Laury's reception. Two other PAT attempts failed, Elgin blocking one.

Two pass interceptions added to

Elgin simply could not muster enough strength to move the ball beyond the Yoe 15, except in the closing seconds. Tailback Roger Kerr seemed the only Tiger who would gain any yardage through the Yoe line, strengthened by the return of end Mike Darilek and appearance of guard Dale Schigut. The Yoemen now have a 6-1 season, the Wildcats 1-6.

Georgetown's win over Round Rock, previously undefeated, puts the Eagles and the Yoemen in a tie for 19AA lead. Georgetown remains undefeated.

Elgin, Caldwell and Round Rock each have one defeat.

Cameron plays Caldwell here this Friday for the final homegame of the season.

The game at Georgetown November 7 will decide the district outcome, should Cameron win over Caldwell this week.

A moderate - sized Homecoming crowd watched the Yoe "multi-backs" press in every quarter and score in every quarter.

Two pass interceptions added to

the Yoe effort. Laury brought down one Elgin aerial in the first quarter, setting up the first TD drive, capped by Steamer's score.

A second - quarter interception by safety Jerry Richardson turned the Yoe toward the Wildcat goal. Thomas and Steamer alternated to the Elgin 15, where Laury broke over center for the score. The drive went 66 yards.

Laury scored the third TD with a Brashear pass. The fourth score came in the final quarter in an 80 yard drive capped by Brashear's dive into the end zone.

Steamer ripped 20 yards in the drive and an Elgin penalty on the same play moved the drive.

In Homecoming Tilt ... Badgers Down Eagles

By Alan Barkemeyer

The Buckholts Badgers displayed an all-out effort last Saturday night and completed their Homecoming weekend successfully as they demolished the heavily favored Milano Eagles, 38-20, in the District 10B opener for both teams.

Gordon Haisler and his brother Norman provided all the offensive fireworks for the Badgers while the entire Badger defense played hard-nosed football as they stopped the Eagles cold in the second half.

Norman scored four touchdowns, an extra point, passed for one touchdown, and rushed for 222 yards in 23 carries. Gordon, running from the wingback slot, lugged the ball 19 times for 109 yards and was outstanding on third down plays. His second effort kept the Badgers' drives alive.

The Eagles wasted no time in getting on the scoreboard as Bruce Coldiron sped 9 yards for a touchdown and a 6-0 lead. His conversion kick was wide and no good. Minutes later Norman broke loose on a 32 yard gallop and then caught a PAT pass from Gordon to put the Badgers on top, 7-6.

The Eagles went back out in front, 14-7, as Ethan Williams heaved a 45-yard scoring bomb to Joe Hendrix. Coldiron booted the extras as the first quarter ended.

Buckholts cut that lead to 14-13 as Gordon bulled over from the one, capping a 46 yard drive in 7 plays. The pass for the extra point failed.

Both teams traded TDS before intermission, with Milano tallying

Apollo Recovery Ivey Represents TJC Gavel Club

Helping recover the Apollo 10 Astronauts and their command module from the Pacific is one of the most memorable events in Peardie Townsend's first years in the Navy.

Townsend, son of Mrs. Jessie Mae Townsend of Cameron, leaves Thursday (today) for Charleston, S.C., where he will begin training as a Naval Corpsman. He received his discharge on September 5 and re-enlisted in the Navy on September 29.

Townsend's service record includes a letter of appreciation from the commanding officer of the USS Princeton, primary recovery ship for the Apollo 10 mission.

"In your capacity as leading seaman of the boiler-plate and Apollo 10 command module handling crew," the letter states, "you performed in an outstanding manner. Your careful and dependable handling of the command module enabled Princeton to retrieve it in perfect condition and in record time."

The letter also quotes a message from Admiral John J. Hyland commending the recovery team on its performance.

During his first two years in the Navy, Townsend was awarded the Vietnam Service Medal with Bronze Star.

His brother, Freddie, is also in the Navy, serving aboard the submarine tender USS Fulton as a machinist mate.

Townsend said he signed up for four years when he re-enlisted, and may make the Navy his career.

Radarmen Third Class Arlie W. Tuttle, USN, son of Mr. and Mrs. Leland Tuttle of Calvert, is returning from a Vietnam deployment aboard the heavy cruiser USS Boston.

This was Boston's third deployment to the coastal waters of Vietnam since 1967. It is homeported at Boston, Mass.

Since June the Boston has successfully completed nearly 75 gun-fire missions on enemy targets.

RONALD MCWILLIAMS USS BOSTON

Radarmen Seaman Ronald L. McWilliams, USN, son of Mr. and Mrs. Logan McWilliams of Cameron, is returning from a Vietnam deployment aboard the heavy cruiser USS Boston.

Since June the Boston has successfully completed nearly 75 gun-fire missions on enemy targets. It was credited with the destruction of enemy base camps, troop locations and bunkers from the Demilitarized Zone to south of Danang.

Rural Electrics BRING THE 50 YARD LINE TO THE NORTH 40

Rural electrification brought a new way of life to rural Texas and television is a dramatic part of that change. Last year the member-owners of the 1000 rural electric systems in the U.S. spent a quarter of a billion dollars (\$248,000,000) for television sets. Projected in the areas served by the electric cooperatives of Texas this figure comes to a handsome \$22 million for TV sets alone. By the time you add electric ranges, refrigerators, freezers, etc., the Texas figure swells to \$135 million and the national total reaches more than a billion and a half dollars annually. This almost unbelievable market for appliances and equipment means more jobs, more payrolls, more customers and a healthier economy. The Brazos Power Cooperative and member-owned Bel-falls Electric Cooperative are helping Texas and the Nation Grow.

Inflation Hits Farmers More Than Others, Says Cong. Poage

GATESVILLE — Chairman W. R. (Bob) Poage of the U.S. House Committee on Agriculture, declared that farmers, hit by inflation more than any other segment of the economy, must get a fair return for their labor and money if sufficient food is to be produced for a steadily increasing population.

Speaking at an appreciation dinner given for him by the Farmers Union in this central Texas city, the veteran Congressman pointed out that growers actually receive less today for several major commodities, including cotton, corn and wheat, than they did 20 years ago, while their production costs have soared.

"Like all other Americans, farmers are vitally affected by the inroads of inflation," the Congressional leader said.

"The first evidences of inflation are always welcomed by the overwhelming majority of our people because cheaper money makes it possible for them to pay their debts more easily, and higher wages put more money in circulation and for a time provide a higher standard of living.

"People begin to feel a sense of prosperity, but as inflation progresses costs soon catch up with increased income and there are demands for a new round of wage increases. Then there is a new round of higher prices, a substantial reduction in the buying power of money, and shortly a lowering of our living standards.

"Our economy in general is, I believe, just now entering this stage of the inflationary spiral.

TEXAS COOPERATIVES

About 187,000 Texas farmers and ranchers conduct a relatively big business through their participation in a private self-owned business institution—their cooperatives. They are members of about 745 agricultural cooperatives.

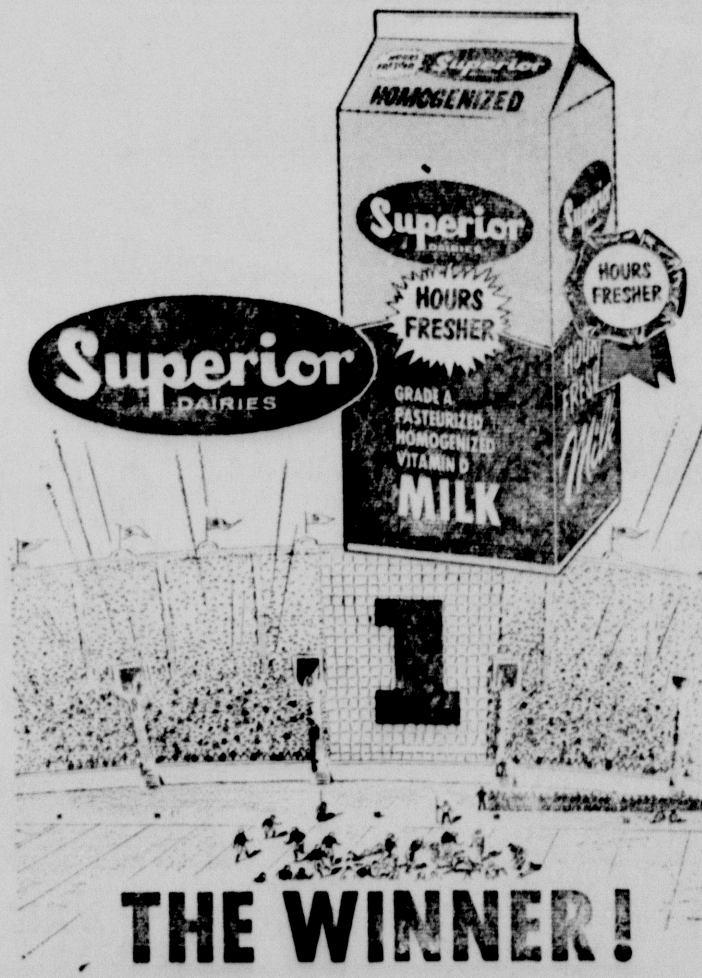

The farmers entered it some time ago. Your costs have gone up far faster than your income, and this is really the thing which hurts in connection with inflation."

He cited the cost of tractors in pointing to the rise in cost of input items which the farmer has to buy in connection with his production, noting that a tractor which cost a little over \$2,000 twenty years ago now costs almost four times as much.

He noted that cotton brought

32.6 cents a pound in 1949, was up to 35 cents in the late 1950's, and was back down to 29.28 cents a pound this year, including government payments. Wheat brought \$2.40 a bushel in Kansas City in 1949 as compared with approximately \$1.80 this year (with payments), and corn sold for approximately \$2 a bushel twenty years ago brought only about half that amount in recent months.

A failure of the public to understand the relationship between agricultural production costs and the prices the public pays for items at retail level can lead to shortages and ultimately still higher retail prices, Poage said.

Report Details Turkey Trends

By J. D. Moore

The skip-row rules which were in effect for the 1969 crop will be applicable to the 1970 crop. In general, under these rules, only the land actually planted to cotton is counted as cotton land in determining compliance with program provisions.

The final date for filing applications for the transfer of cotton allotments is December 31, 1969. Producers in 381 cotton-producing counties in the U. S. have approved for 1970 the transfer of allotments to farms outside the county. Allotments, however, cannot be transferred from one State to another.

Projected Yields
A projected national yield of 500 pounds per acre has been established for the 1970 crop, a reduction of 45 pounds per acre from that set for the last three crop years.

The reduction announced on Oct. 15 reflects the failure of cotton yields to realize the levels expected on the basis of trends a few years ago. The projected yield for 1967-68-69 crops was established at 545 pounds because of previous upward trend.

During the past four years, yields have been leveling off and have trended down since 1965. The 1970 national projected yield is based on 1964-68 harvested yields 197

Twenty years ago Milam County produced an estimated 50,000 turkeys. According to a recent Texas crop and livestock report, Milam county did not report enough turkeys to count.

Plans for breeder turkey hens for egg production are reported by an official who supervised the pullet testing program in Texas. Total heavy breed turkeys tested July through September 1969 numbered 167,969 compared with 133,076 reported in 1968 for the same period. The number of heavy white turkeys increased 19 percent but bronze and other heavies were 56 percent below the 1968 report.

Large integrated operations produce turkeys on a cost-share basis or straight out contract basis. One financial contractor in Bell County produces near a million turkeys per year.

These turkeys are produced on rocky, well drained class 3 land in most cases covered with trees for shade. This type of land is suited only for turkeys or goats. Then too, varmints such as stray dogs of which Milam County has a surplus, wolves, coyotes, etc., are not conducive to the turkey business.

ECONOMICS

From one week to 10 weeks of age, turkeys will consume from 1/2 to 2 pounds of feed for each pound of gain. From 10 to 18 weeks of age the feed consumption will go up to 3 pounds of feed to each one pound of gain. From 18 to 24 weeks of age turkeys will consume up to 4 pounds of feed for each one pound of gain.

In comparing turkeys with other classes of livestock, broilers will produce a pound of meat on less feed but of more economic importance, broilers will produce the gain about three times as fast as will turkeys.

In comparing turkeys to cattle on a feed conversion basis, turkeys will produce a pound of meat for about 1/2 the amount per pound required for cattle. Swine require about 4 pounds of feed to make one pound of gain. Our better grades of swine will gain one pound on 3.75 lbs of feed.

After the brooding house age, turkeys require little investment cost.

This report is written only for the purpose of explaining trends in the turkey business.

Temple Auction Faces Bonding Regulation Charge

Temple Livestock Auction, Inc., Temple, has been charged with violating bonding regulations under the Packers and Stockyards Act, the U.S. Department of Agriculture said today.

The administrative complaint was filed by USDA's Packers and Stockyards Administration.

Filing a complaint does not prove that the firm has violated P&S regulations. It has a right to a hearing to determine if the evidence supports the charge.

P&SA alleges that Temple Livestock Auction, Inc.'s bond was terminated in July 1968 that it was informed of the bonding regulations, but that it continued operating without filing the required bond.

If the charge is proven, its registration may be suspended until it supplies the bond.

P&S requires livestock market agencies to provide bonds as a measure of financial protection to sellers.

Your electrical needs are growing fast.

Last year, you and other TP&L customers bought more than 55,000 new major electrical appliances.

You and these other customers used 10 1/2% more residential electricity than the average American.

That's why Texas Power & Light Company spent \$65 million in 1968 for new and improved facilities

and equipment. This year the Company will spend \$81 million more to keep pace with our customers' increasing power needs. In addition, TP&L is a member of the Texas Interconnected System, which is designed to insure a reliable supply of electric power to some 8 million persons served by TIS member companies.

TP&L will provide an ample supply of electric power for all your needs. Flip the switch and let it work for you.

Town Growth Helps Cities ...

Governor Smith is to be congratulated on two recent initiatives and one resume:

He notes the organization of ground-work studies for bringing Texas small towns and cities into the latter 20th Century and aims Texas industrial efforts at less-populated areas.

In a speech before teachers last week, he noted the recent Legislature's major efforts were toward better education; more than any previous Texas legislature, he said.

All of which is fine. The inescapable value of all three is recognition that diffusion rather than concentration makes more sense in Texas than most anywhere.

In some industrial states, concentration of industry is unavoidable, because of limited area, geographic development or proximity to resources.

Old as it is, Texas is young enough to avoid colossal concentration of problems. Enough small towns already exist to absorb great Texas growth rather than urge Dallas-Fort Worth or Houston to grow faster, merely because they know how.

We are reminded of a statement by New York Mayor John Lindsay, since defeated in his own primary, to a Houston audience:

"Do you really want all the growth of a great city?" he asked, prefacing his main topic. At the time, New York was buried under garbage, was recovering from a short circuit in Eastern Seaboard electrical power, and was struck by most every type of specialized union.

Texas is about two million more people than the 10 million of the '60 census. Most of them have gone to the major cities. Most of them came from the rural areas and small towns.

Many of them would come back. Many of those industries from the North and Northeast would come to small towns if basic services are met. Cameron's experience is convincing in this respect.

Schools come high in community de-

velopment. The efforts of the Legislature just past will enable Governor Smith's committees to function more effectively.

And, surprisingly perhaps, Texas' major cities may be glad these committees do.

One civic leader in Dallas, for example, said a recent realistic appraisal of Dallas' problems will require about 50 percent federal participation if community problems there are met. That is a departure from Big D's image of "go it alone leadership." But it only dramatizes the dilemma any major city faces in any state. And mayors of major cities already say federal aid direct is the only kind which will be truly helpful. They believe federal aid funneled through state government would be siphoned to smaller communities, helping neither enough.

Point is state government is historically geared to aiding rural and small cities. Major cities have been able to go it alone, even though it appears they will dominate future Texas legislatures, after the '70 census.

Governor Smith's initiatives are well timed. California has so much growth concentrated along the Coast that the state some years now has operated a "depopulation" bureau.

The new concentration on non-metro industry and community modernization may prevent Texas' ever having to worry about depopulation.

It is actually absurd for California to be so concerned, other than the fact that most of her 20 millions live in a strip between San Diego and San Francisco.

Texas' board plains can hold a lot of people and hundreds of well developed communities. Dallas and Houston may applaud Governor Smith's efforts to bring these communities along.

If modern small towns can't make it, Texas' major cities may be unable to handle all the population largess, and oddly, may not make it either.

Can Age-Old Problem Be Solved By Committee?

AUSTIN

A new 50-member governor's committee has launched an historic effort to improve relations among Texas ethnic and racial groups.

Gov. Preston Smith called on Governor's Committee on Human Relations at its initial meeting last week to document the problem of discrimination "warts and all" and recommend a solution.

Secretary of State Martin Dies Jr. of Lufkin is chairman of widely representative panel, which includes whites, blacks and Mexican-Americans and a diverse economic cross-section. Former Secretary of State Roy Barrera of San Antonio was named vice chairman and Mrs. M. J. Anderson of Austin, secretary.

Racial blindness and intolerance in state government, local government, private industry and business and in every other place in which people come in contact with people must be overcome," Smith told the Committee. "Human relations problems do exist in Texas. That is why this committee is necessary."

Smith pledged "any reasonable step" to help bring about "real and measurable improvements," and he called on all state agencies to "re-examine their employment practices, with a view to this worthy end."

Governor identified as obvious problem areas education, housing, employment, administration of justice, public facilities and services and consumer protection. Special sub-committees will be set up in most of these categories to begin study and investigation soon.

NEW STATE PARK

A sales contract was signed last week for a scenic new 4,775-acre state park in Blanco County.

Parks and Wildlife Commission agreed to pay \$200 an acre—\$955,000—for land it once was offered free by Mr. and Mrs. C. A. Wheatley of San Antonio. Legislature in 1963 did not provide \$250,000, which the Wheatleys specified should be spent for development of the beautiful area, and state lost title to land.

Money for development now will come from the \$75 million parks bond issue and federal aid. Park is the second financed under the bond program. First was Dinosaur Valley in Somervell County. New area probably won't be open for a year, PWC indicated.

APPOINTMENTS

James W. Griffith of San Marcos took over October 20 as Southwest regional Director of Office of Economic Opportunity, succeeding Walter Richter, formerly of Gonzales.

Governor Smith elevated Judge Otha F. Dent, formerly of Littlefield, to chairman of Texas Water Rights Commission.

To new 149th district judgeship, Smith named Paul Franklin Ferguson of Alvin.

Governor announced these appointments to State agencies: Board of Trustees of the Teacher Retirement System: William B. Black Jr., of Houston.

Air Control Board: William P. Hobby Jr. of Houston and Fred Hartman of Baytown; Herbert Wood Whitney of Corpus Christi was reappointed.

State Depository Board: Wallace H. Scott Jr. of Austin.

Good Neighbor Commission:

Dorrance Herbert Guy of El Paso.

Coordinating Board, Texas College and University System: Sam D. Young Jr. of El Paso and Wayne E. Thomas of Hereford.

University of Houston Board of Regents: Travis Camp Johnson.

School Land Board: Roman J. Barstow of Taylor.

TRAIN HEARINGS SET

December hearings have been set by Texas Railroad Commission on Missouri Pacific Railroad's request to eliminate the St. Louis Eagle which runs from Texas to Laredo, via Jacksonville, Fla.

tine, Austin and San Antonio.

Laredo hearing will be held December 1, San Antonio session December 3, Austin hearing December 5, Palestine hearing December 8 and Texarkana windup December 10.

AG OPINIONS

In giving notice of meetings of school boards and all other public agencies as required under the open sessions law passed by the 61st Legislature, commissioners courts should itemize agenda topics, Atty. Gen. Crawford Martin has held.

OLD PHILOSOPHER

Dear editor:

I was studying the weather out here on this Johnson Grass farm yesterday trying to decide what my next farming operation would be. I'd already listened to the forecast but you can't go on that — weathermen are like sports writers who predict the outcome of the weekend football games, what they have to say is interesting but don't bet on it — and decided the weather was so unpredictable it'd be foolish to start anything, so I pulled out a newspaper and read a while.

An article that caught my eye said the U.S. is considering building a space station, big enough to hold 15 or 20 men who'd live on it and circle the earth every couple of hours and among other things give an accurate, worldwide weather report every day, one so dependable it'd take most of the guess-work out of forecasting.

Since farmers particularly would benefit by this, it was suggested they'd pay part of the cost of launching and maintaining the space station.

I don't know about other farmers, but I would like to state

that I do not wish to participate in this program.

Oh, I can count backwards all right from 10 to zero and anybody who can start the 23-year-old tractor I use out here shouldn't have any trouble lighting the fuse under a rocket, but it's the information on the weather I don't care for.

I don't believe I'd want to know without fail this morning what the weather is going to be like tomorrow morning, day in and day out. All it does is lead to work. What man, if he knows positively it's going to rain tomorrow, would cut hay today? On the other hand, if he has hay to cut and knows it's going to be clear tomorrow, how could he fish comfortable today? If those scientists are banking on any financial help from me in launching their space station, they'd better revise their plans. It's sometimes inconvenient not to know what the weather will be tomorrow, but it can be even more inconvenient to know. How can you be optimistic if you always know what's going to turn up next?

Yours faithfully,
J.A.

In related opinion, Martin said county clerks may charge "a reasonable fee" to school districts for posting the required notices of their meetings.

In other recent opinions Martin held that:

School districts cannot legally pay more to a teacher who is head of a household than to an identical-qualified teacher who is not.

State's basic law against speeding is constitutional.

District Attorney Hollis Garmon of Greenville is out of a job as d.a. because his home county (Hunt) was removed by the Legislature from the Eighth Judicial District and placed in the 196th.

A judge lacks the power to probate or suspend the automatic suspension of a driver's license following a conviction for driving while-intoxicated unless the entire judgement of conviction and sentence are probated.

Resolutions of a junior college district board of trustees must be adopted by affirmative vote of a majority of all members.

State may pay premiums for property damage insurance coverage for Texas Highway Department employees within the limits of the new tort claims act.

A county-wide day school program cannot be paid for by the state during fiscal 1969-70.

Tax collectors and deputies are liable on bonds for loss through fraudulent or negligent issuance of a tax certificate.

EDUCATION

Coordinating Board, Texas College and University System postponed action on a controversial staff recommendation to require needy student applying for Texas Opportunity Program loans to produce co-signers of notes.

Proposal followed a report that some 40 per cent of students who have borrowed from the state bond fund since 1966 have skipped at least one payment. In all, \$2.6 million is delinquent since the loan program began.

LETTERS-

Dear Frank:

Just a note to tell you how much I have enjoyed reading two of your editorials that Carl Simpson sent me from The Cameron Herald of September 18, 1969. "Is your name George?" and of October 16, 1969, "They are one."

You and your staff are certainly deserving of the honor that has come to you from The University of Missouri, Alumni News and I must say your observations on "George" were extremely well written.

You and your associates are doing a fine job and we congratulate you on your successful efforts.

We know the Herald will continue to prosper under your competent management.

What Others Say ...

Preventive Detention Proposal

When a suspect is arrested in Britain for murder, rape or other violent crimes, Lord Alfred Denning told the (California) State Bar convention recently, "we keep him in prison pending his trial; we do not allow that man out on bail... if there is reason to believe he may commit another offense while awaiting trial."

This amounts to saying that the British already employ the system of "preventive detention" which the Nixon Administration is proposing to employ in certain criminal situations over which the federal courts have jurisdiction.

Last July the Justice Department asked Congress for authority to detain dangerous suspects in specified classes of crimes for up to 60 days without bail if a judge, having found a "substantial probability" of guilt, determines that the defendant's release on bail would be a danger to the community.

Civil libertarians and strict constitutionalists are bitterly opposed. Senator Sam Ervin Jr. of North Carolina said the request is "unconstitutional and smacks of a police state." In his address to the bar, Lord Denning, a leading jurist of his country, took note of this opposition. "I have heard here that this is regarded as an unfair procedure because it amounts to imprisonment without trial," he said. "In England, we make sure he (the accused) is tried speedily—within eight weeks."

That is the big difference. The English provide a speedy trial; under the

Sixth Amendment to the Constitution we guarantee a speedy trial but seldom make good on the guarantee. The reasons for this are many. Defense lawyers customarily play for delays, rather than for speedy disposition of their client's case, and this practice itself becomes a self-serving argument for release on bail as opposed to detention pending trial.

Courts are slow-moving and usually clogged with backlogs of cases. Most jails are crowded and would feel the strain of any substantial number of suspects being preventively detained.

In the face of these hindrances to speedy trials, all of which are frequently cited as discreditable to American justice, the opponents of the preventive-detention proposal of the Administration are making considerable headway.

Still, in any deliberation about how to control crime in this country, it is a good idea to begin by inquiring how the British do it. Our system, with its rights and safeguards, developed from theirs, and it is generally acknowledged that they have on the whole a much better record than we have of protecting society from the criminal and the criminal from injustice.

It is highly relevant to learn that preventive detention not only is customary in the homeland of Anglo-Saxons but is no great subject of complaint because justice is swift there.

TJC Enrollment Shows Increase

TEMPLE In officially pegging the fall enrollment of Temple Junior College at 1,169 students, registrar Charles Stout reported the figure represents a gain of 9.25 per cent over last fall's figure.

Translated into full-time equivalents, however, the gain is more than 10 per cent he said. A full-time student is one pursuing at least 15 semester-hours work, and the academic loads carried by part-time students are considered in this figure.

A Closer Walk With God Will Lead You Right Straight to Church

KEEP THE CROSS BEFORE YOU

Whether of wood, or gold, or other material, The Cross is symbolic of our highest living. It tells of both sacrifice and life at its best. It is a symbol of God, a symbol of Christ, a symbol of the Christian church you attend every week. What would the church be without The Cross! Where might your steps lead were you to forget the Crucifixion! What might happen to your family and to the families of all your friends were it not for the influence of the allumed Cross in their lives. If you would have tomorrow remember you; if you would have your golden years filled with peace and hope...then Keep The Cross Before You Every Day.

Inspection Sticker Has A New Look Social Security

WACO
 Effective September 1, 1969, the Texas Motor Vehicle Inspection Program has a new look. The inspection certificate is now located in the lower left corner of the windshield and is valid for twelve calendar months.

The date of expiration is now determined by the month in which the vehicle was inspected. As an example: the vehicle that has been inspected anytime during the month of October, 1969, must be re-inspected by the last day of October, 1970.

This same year-round 12 month period applies to vehicles inspected during any calendar month. Their inspection certificate will expire twelve months later, on the last day of the month in which the inspection was performed.

The new inspection certificate, in addition to being placed in a new location on your windshield, will also have a number tab, 1 through 12, placed on the inspection certificate; this number tab will show the month of expiration, 12 months from the date of inspection.

SPACE FOR ENGRAVING
 To obtain the new inspection certificate with the least amount of delay, and at the same time get a more efficient inspection, The Department of Public Safety urges all motorists to have their vehicles inspected as early as possible. This will give the motorist a feeling of security as winter, with possible bad weather, approaches.

San Antonio Host To FB Convention

SAN ANTONIO
 Some 2,000 persons, including more than 800 voting delegates from 203 organized county Farm Bureaus, are expected to attend the 36th annual convention of the Texas Farm Bureau there Nov. 16-19, according to Sidney Dean of Victoria, TFB president.

All convention events will be held in the San Antonio Convention Center.

Policies to guide the organization next year will be adopted by the voting delegates on the two final-days of the meeting. They will also approve recommendations on national issues which will be forwarded to the annual meeting of the American Farm Bureau Federation slated for Dec. 7-11 in Washington, D. C.

Prominent issues to be decided on by the voting delegates include national farm program legislation and proposed amendments to the TFB by-laws. The delegates are expected to recommend to the American Farm Bureau Federation convention the kind of farm program they think farmers should have when the present program, the Agricultural Act of 1965, expires in 1970.

Guest speakers will include State Rep. Gus Mutscher of Brenham, Speaker of the Texas House of Representatives, and State Rep. W. S. (Bill) Healy of Paducah.

A & I Promotes Buckholts Native

KINGSVILLE
 Dr. Eugene E. Jekel has been promoted to associate professor of education at Texas A&I University.

A native of Buckholts, Dr. Jekel graduated from Yale High School. Jekel came to A&I in 1966 as an assistant professor of education. His degrees are B.S. in Agricultural Education from Texas A&M; M.S. in Agronomy, University of Houston; and Ed.D. in Secondary Education, University of Houston.

A major in the U. S. Army Reserve, Jekel is teaching a Command and General Staff School class at Corpus Christi. He served in the U. S. Army.

He is married to the former Mary Ellen Balusek of Blessing and they have three children.
